Various Forms Of Headache

"It is necessary in order to treat headaches properly to understand the causes which produce the affection," says Dr. J. W. Key of Brockton, Ala. Continuing he says: "Physicians cannot even begin the treatment of a disease without knowing what causes give rise to it, and we must remember that headache is to be treated according to the same rule. We must not only be particular to give a remedy intended to counteract the cause which produces the headache, but we must also give a remedy to relieve the pain until the cause of the trouble has been removed. To answer this purpose Anti-kamnia Tablets will be found a most convenient and satisfactory remedy. One tablet every one to three hours gives comfort and rest in the most severe cases of headache, neuritis and particularly the headaches of women."

When we have a patient subject to regular attacks of sick headache, we should caution him to keep his bowels regular, for which nothing is better than "Actolol," and when he feels the least sign of an oncoming attack, he should take two A-K Tablets. Such patients should always be instructed to carry a few Anti-kamnia Tablets with them ready for instant use. These tablets are prompt in action, and can be depended on to relieve the headache in a very few minutes. Ask for A-K Tablets.

Anti-kamnia Tablets can be obtained at all druggists.

A NEW FUEL FOR AUTOMOBILES

The alleged discovery of this new gas will exert a most potent influence on commercial conditions and if it will do the work of gasoline at such a cheap cost, the solution of the power problem will be solved.

The proper solution to the great health problem is largely a matter of keeping the Stomach, Liver and Bowels in proper condition and always working in harmony.

There will be times, however, when weakness will develop—when help must be given, and it is then you should try Hostetter's Stomach Bitters.

QUIT MEAT IF YOUR KIDNEYS ACT BADLY

fake tablespoonful of Salts if back hurts or Bladder bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system. When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night, when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

AT THE ORPHEUM.

The Orpheum is presenting John F. Conroy's models and diving girls in one of the most elaborately staged and sensational diving acts now before the public. The handsome settings, the expert work of the divers and the perfect specimen of an athlete that Mr. Conroy evidently is, makes the act one of unusual importance. On the bill are Master Lewis, a juvenile actor of ability, supported by a small company in a comedy sketch. Heron and Arnsman, is a lively minstrel skit. Long, Chapron and Greene, three attractive girls in songs and dances and Balancing Stevens, an equilibrist expert.

Beginning Monday the change of bill will bring Lutz brothers, armless wonders; Kennedy, Nobody and Platt, comedy singers and dancers; Howard, the Scotch ventriloquist; Zeno and Mandel, vaudevillians; and the three American girls, singers, talkers and dancers.

THE AUDITORIUM.

"The Beautiful Lady," a Biograph drama, on to the Auditorium today tells rather an interesting story. The beautiful lady was Mrs. DePuyster, wife of a wealthy young business man, but to Pedro, she was always "The Beautiful Lady." She first noticed him when she saved her friend's child from drowning. She knew he admired her and it amused her, but she did not know that Madalena, who loved Pedro, was eating out her heart. Then one evening the DePuyster car was held up by robbers and it was Pedro who came to the rescue. He had overheard his stepfather plotting the crime, and had tried to stop him. All this he told in gasps before he drew out the beautiful lady's handkerchief and kissed it for the last time, for the bullet from his stepfather's pistol had entered Pedro's breast. He had given his life for "The Beautiful Lady."

"A Woman Went Forth," a two reel Lubin feature with Ethel Clayton; "The Jarr Family Discovers Harlem," a Vitagraph comedy; "A Pipe Dream," an Edison comedy, and the Selig weekly of current news are also on today's bill.

FIRST SHOW TODAY.

This afternoon the first performance of the Pearl Stock company will be given at the Oliver theater. This company is opening a spring season of stock and will present for the first bill a comedy drama entitled, "The House of Lies," which will continue for a week. A change of play will be given each week starting with the Sunday matinee. For the first week the company plans to give up the house for a Christian Science lecture on Monday evening and on Thursday evening William Gillette, Blanche Bates and Marie Doro will appear there.

With the exception of a few bookings that have been contracted for some time, the company will appear every evening and three at noons each week, Sunday, Wednesday and Saturday.

AT THE MAJESTIC.

The Majestic company are giving excellent performances of "A Night in San Francisco," a roaring musical comedy, with a splendid plot, good comedy characters and a world of good songs.

On Sunday the bill will change and arrangements have been made to present Richard Carle's successful musical comedy, "The Tenderfoot." This musical play was produced here a few years ago and scored an immense hit. It is admirably adapted for tabloid purposes and will be given an excellent production by the Majestic company.

"DIPLOMACY," The triple-star combination, William Gillette, Blanche Bates and Marie Doro, will shortly be seen here in "Diplomacy." Malise Sheridan, who is entrusted with a small but highly responsible part as Mion, the maid in "Diplomacy," distinguishes herself by a series of linguistic gymnastics. In the character of the glib-tongued maid Miss Sheridan is called upon to speak German, French, Spanish and English with equal fluency in the first act of Sardou's play. She is an adept in wending her way through this maze of languages. Charles Frohman, who gave his personal attention to the selection of the cast for "Diplomacy," chose Miss Sheridan for this difficult role after testing over a score of other applicants for the part.

AT THE LASALLE.

Mary Pickford is the featured player at the Lasalle today. Her name is magical in its attracting powers for other places today, either in pictures or on the dramatic stage can claim the following and loyal supporters that little Mary Pickford has. She will be seen in the Paramount production of "Behind the Scenes," a picture of the particular story of Daniel Frohman, the personal direction of Daniel Frohman.

On Sunday a four picture program will be presented including "Runaway June," "The Blood of the Children," "A Romance of the Backwoods," and a comedy, "Shultz' Lady Friend."

AT THE COLONIAL.

"Satan McAllister's Heir," a two reel drama of a little child's experience with a hard hearted and wicked man and how she won his confidence, is shown at the Colonial today. "A Costly Exchange," a comedy based on the mixing up of two overcoats is also shown. On Sunday "The Green Idol," "Ambroses Little Hatchet," and a special four reel drama, "The Black Triangle," will be shown.

RUG ON SIDEWALK HAS FOLKS GUESSING

They Finally Get Used to It and Floor Covering Carries the Marks.

It was just an ordinary full-size brown rug that the Ellsworth store has out on its front "step" Thursday morning, yet the passing throng of shoppers regarded it with the utmost suspicion, the women picking up their skirts and stepping daintily around it and the men looking at the rug and then at the store as much as to say to the proprietor, "What's the wrinkle?"

By noon, however, the throng had grown callous and was walking over the rug with the delicious sense of doing something it oughtn't to. And now the rug doesn't look so spick and span as it did.

A week from Saturday after some 100,000 people will have trod upon it, wiped muddy feet upon it, and the elements, possibly, have rained and snowed upon it, the rug is to be taken up, washed and hung up in the Ellsworth window, just to show how indifferent this particular style of rug is to mistreatment.

It is a full sized rug of the Whittall Anglo-Persian make, and is done in the copper tones.

GARDEN SEEDS WILL BE GIVEN OUT TODAY

Applicants Must Appear at High School Building Between 8 and 3 O'clock.

Hear ye, hear ye, hear ye! All ye gardeners who are planning on digging and raking up the soil this summer and plant therein the seeds of cabbage, tomatoes, radishes, beans, etc., and who are contemplating many happy and useful hours in cultivation of the same, listen, hear.

Announcement was made Friday by Director P. B. Barnes of the municipal recreation bureau that distribution of garden ground will be made today. All those who have made application for plots of ground through the recreation bureau are requested to appear at the office today between the hours of 8 and 3 o'clock and receive the plots assigned to them. The offices are in room 119 of the high school building. It is on the basement floor, the first door to your right at the Washington st. entrance.

Mr. Barnes stated that all ground has been allotted and a few warm days are all that will be needed to start the spring gardens.

The second part of the Barnes announcement Friday was that arrangements have been made by the city to plow the ground for those who are unable to afford this themselves. Through the efforts of Mayor Keller horses, plows and harrows will be provided to make the rounds and turn up the soil for the gardeners.
